

CoinDesk Indices Announces Methodology Changes to its Industry Group Select Equal Weight Index (DIGS)

February 13, 2023 – CoinDesk Indices (“CDI”) announces changes to its Industry Group Select Equal Weight Index (DIGS) [Methodology](#). These changes will take effect on March 1, 2023, and impact the April 2023 DIGS reconstitution which is scheduled to be implemented on April 4, 2023.

In December 2022, CDI issued a [Consultation](#) seeking feedback from the industry regarding potential changes to the DIGS Methodology. Based on feedback received, the Index Committee approved the modifications detailed below.

Table 1: Methodology Modifications

Criteria	Current DIGS Methodology	Updated DIGS Methodology
Constituent Eligibility	Eligibility is based on the DACS universe	Eligibility is based on current constituents of the CoinDesk Market Index (CMI) ¹
Market Capitalization Requirement(s) for Eligibility	For new constituents: Minimum mean market cap of \$1.5billion USD for the seven days leading up to the reference date For current constituents: Minimum mean market cap of \$1.2billion USD for the seven days leading up to the reference date	For new constituents: Digital asset must be ranked in the top 40 by market capitalization within CMI as of the reconstitution reference date. For current constituents: Digital asset must be ranked in the top 50 by market capitalization of CMI as of the reconstitution reference date.
Reconstitution Schedule	Changes are announced 7 calendar days prior the effective date	Changes are announced 14 calendar days prior the effective date
