About Consensus:

Since 2015, Consensus has been recognized as the most influential blockchain and digital assets event of the year. Together with executives, developers, founders, regulators, investors, government officials, and more, we set out to achieve the next evolution in blockchain and digital assets technology. For three days, attendees convene for an intimate discussion about the future of these interconnected technologies.

Hot-button topics such as adoption challenges, privacy, capital formation, regulation, market infrastructure, and more take center stage as experts and pioneers give voice to the new developments and innovations occurring around the globe.

Join hundreds of your peers as the first to:

- Hear news, predictions, and emerging trends from the trailblazers leading the way in blockchain technology.
- Uncover breakthrough protocols, engineering hacks, and encryption techniques.
- Gain insight and practical knowledge of key initiatives and investment opportunities that will help you build a future-ready investment strategy.

Consensus is a unique event that will help drive the conversation and industry forward."

Debby Hopkins
Former Chief Innovation Officer, Citi and CEO, Citi Ventures

Blockchain Week NYC

May 8-15, 2020

Blockchain Week NYC returns May 8-15, 2020 for the third annual installment. Hosted by CoinDesk Inc in partnership with New York City Economic Development Corporation (NYCEDC), Blockchain Week NYC will feature a series of events focused on the advancement and development of the global blockchain community.

In 2019 Blockchain Week NYC boasted more than 40 events and brought together more than 6,000 community members to pioneer the future of this emerging technology. This week long experience generated \$14.8 million of economic impact and supported 3,100 jobs, and we couldn't be more proud!

Interested in hosting an event? Contact events@coindesk.com.

Blockchain week has become the ultimate gathering place for the people and companies that are building the next generation of internet infrastructure."

Jerry Brito
Executive Director, Coin Center

REGISTRATION

Consensus is the world's most influential blockchain and digital assets experience. Select your pass type and join us in May!

All Access Pass

Get complete access to everything Consensus has to offer including keynotes, breakout sessions, expo hall, networking, meal functions, and more!

Developer

Created to meet the content needs of developers, this pass gives you access to technically focused sessions designed exclusively for developers and engineers.

Government

Exclusive to government officials with an interest in blockchain or digital assets, we've created a pass type to ensure you don't miss a thing.

Academia and Students

Offered to students and academic professionals eager to learn outside of the classroom. Take hands-on learning to the next level with this pass.

Keep building. Reserve your pass today.

"It seemed as though all the movers, shakers, and newsmakers in the cryptocurrency and blockchain fields were at Consensus. I enjoyed listening to them and having a chance to meet and chat with them."
